Hands-on Exercise No. 3 DigiSkills 3.0 Batch-03 Startup Strategies and Entrepreneurship				Total Marks: 10 Due Date: 04/06/2026			

Instructions:

Please read the following instructions carefully before submitting this Hands-on Exercise:

- Use MS Word to prepare exercise solutions.
- Your submitted exercise will not be considered/counted if:
 - It is submitted after due date.
 - It is not in the required format (.doc or .docx)
 - It does not open, or file is corrupt.
 - It is copied (partial or full) from any source (websites, forums, students, etc.)

Learning Outcome:

After completing this exercise, you shall be able to:

- Understand how to build an effective team structure and maintain company culture during the scaling phase of a startup.
- Develop practical strategies for scaling marketing efforts and expanding a business into new local markets.
- Identify key growth metrics, apply automation tools, and recognize common scaling mistakes to ensure sustainable business growth.

Problem Statement

You are the founder of "**FreshBite**", a rapidly growing cloud kitchen startup in Lahore that delivers healthy, affordable meals to young professionals and students. You started 18 months ago with just 2 people (you + one cook).

In the last 6 months, your monthly revenue has grown from PKR 8 lakh to PKR 28 lakh. You now have orders from Lahore, and customers are demanding service in Islamabad and Karachi as well.

However, you are facing serious challenges:

- Delivery delays and quality issues due to overburdened staff
- High customer acquisition cost through Instagram and Facebook ads
- Difficulty in maintaining company culture as the team grows
- No proper system to track key growth metrics

You have recently raised **PKR 1.5 crore** in pre-seed funding and now need to scale the business properly.

Task 1: Building a Team & Company Culture (4 Marks)

Create a simple Team Structure for FreshBite as you scale to 3 cities.

1. Design an organogram (team hierarchy) for 25–30 employees.
2. Define at least 4 key positions you will hire in the next 6 months.

Task 2: Scaling Marketing & Expanding to New Markets (4 Marks)

Develop a 6-month Scaling Plan that covers:

1. Marketing & Ads Strategy: Suggest 2 new marketing channels (other than Instagram/Facebook) suitable for Pakistan and explain why they will work.
2. Market Expansion: Create a step-by-step plan to enter Islamabad first, then Karachi. Include timeline, budget allocation (total marketing + operations budget: PKR 40 lakh), and localization strategy.

Task 3: Automation & Avoiding Mistakes (2 Marks)

1. Suggest 1 automation tools (free or low-cost) that can help reduce manual work in operations or customer support.
2. Mention one major scaling mistake you must avoid in the next 12 months and how you will avoid it.

BEST OF LUCK ☺

How to submit solution file on LMS?

Please perform the following steps for submitting your solution using LMS:

- Login to the LMS.
- Click on the **Exercises** button within the **My Activities** section.

- Click on the submit button to upload your Solution.

- Keep in mind to upload your Solution in .doc or .docx format.
